Terminal Disclaimer

The undersigned attorney, on behalf of the applicants and the assignee, Senad Teknikbetong AB of the above-identified application and Patent No. 6022407, hereby disclaims except as provided below, the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of Patent No. 6022407 as presently shortened by any terminal disclaimer. Petitioner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the above listed patent are commonly owned. This agreement to run with any patent granted on the above-identified application and to be binding upon the granted, its successors or assigns.

Petitioner does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of said Patent No. 6022407, in the event that the patent granted said application later: is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1,321(a), has all claims cancelled by a reexamination certificate, otherwise expires, or is terminated prior to the expiration date of its full term, except for the separation of legal title stated.
